

TYPE 1, Variation 1A

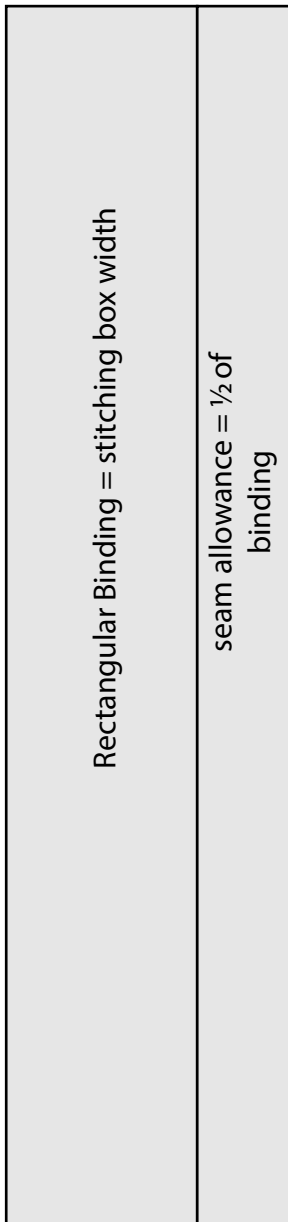

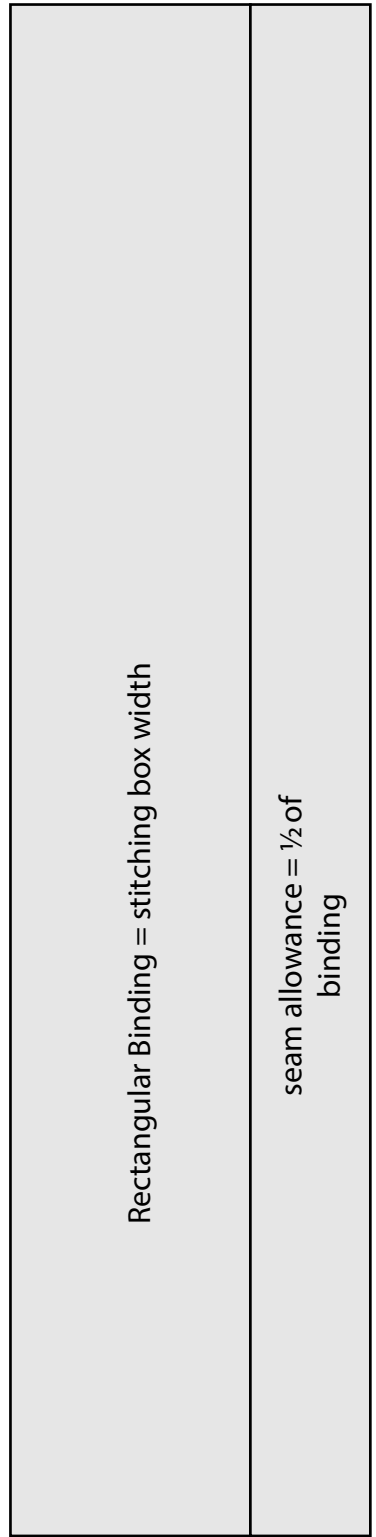

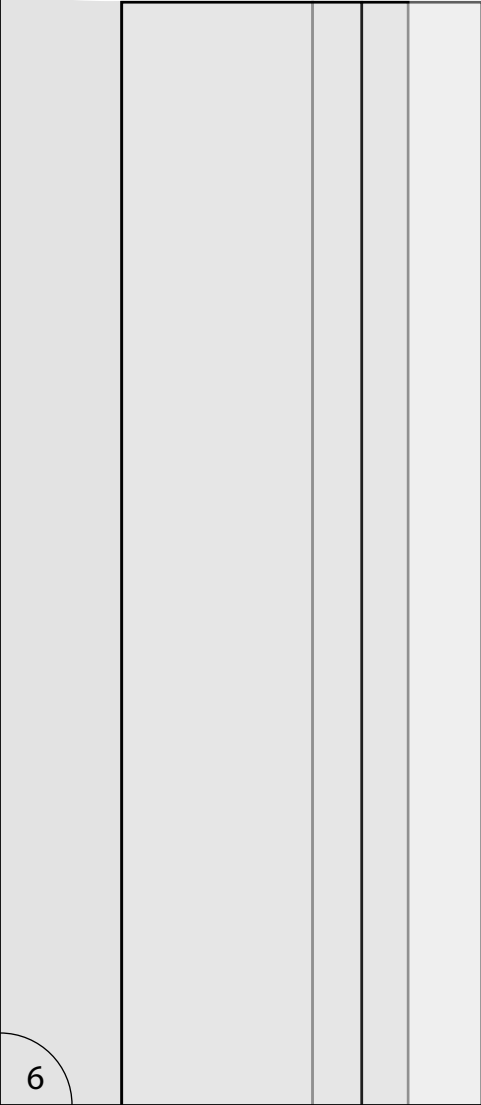

These added-facings examples can all be joined to any width and length of rectangular bindings and seam allowances, as shown in the first example.

TYPE 1, Variation 2, Options

All need to be altered to match the neckline you want, and can of course be altered in any other way you want.

TYPE 1, Variation 2, Options

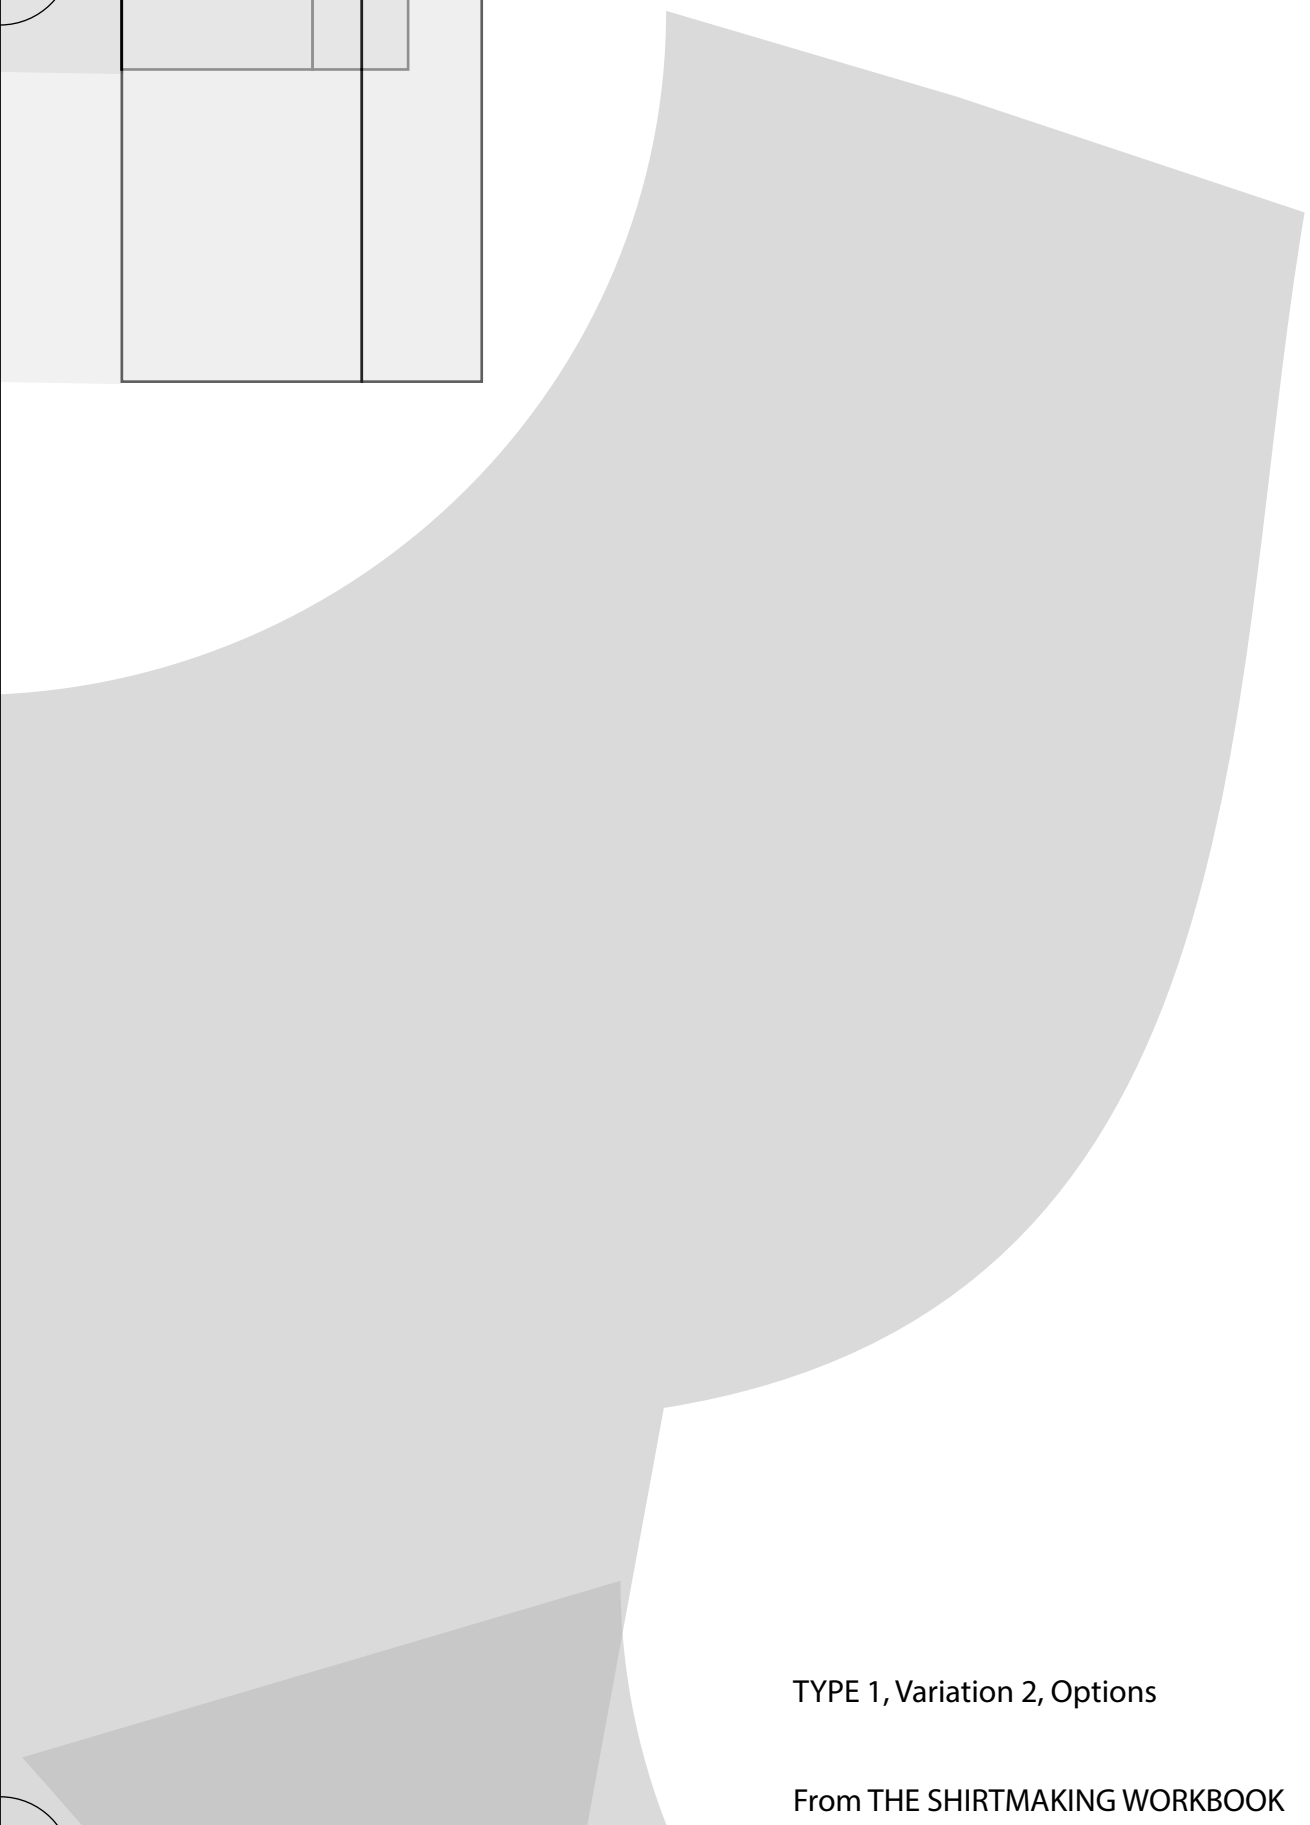

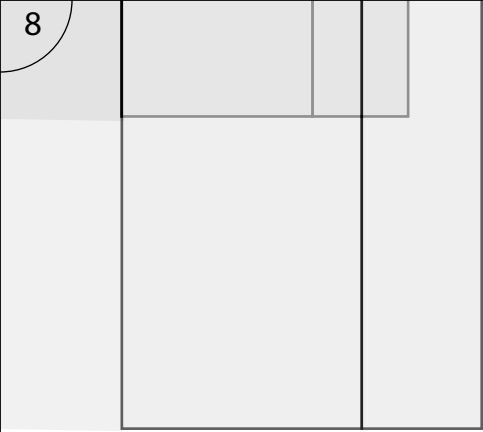

Rectangular Binding = stitching box width

seam allowance = 1/2 of binding
